

P26-Series

Pushbutton Switches

PRODUCT WEBPAGE

request sample, configure part

The P26-Series pushbutton switches are single pole, AC rated for 6 amps at 125 VAC and suitable for shallow back panel applications. These switches are momentary action with a medium actuation force (13 oz. typical). The P26-Series switch is equipped with a slow-make, slow-break contact mechanism.

125-277 125 Pole Amps VDC

Typical Applications

- · Intercoms
- Security System
- · Electronic Signs
- Marine
- · Lighting
