

Datasheet

Art.No. R1.180.0320.0

PLC digital I/O-module SA-OR-S2-2RK-A DC 24V

samos output module, 1x2 enabling current paths 1x2 signalling outputs, DC 24 V, pluggable terminals screws

Art.No.	R1.180.0320.0
EAN	4046521291646
Order unit	1 pieces

Approvals

Technical data

General

SIL according to IEC 61508	3
SIL according to IEC 62061	3
Category according to EN ISO 13849-1	4
In-/outputs configurable	Yes
Performance level acc. to EN ISO 13849-1	e

Connection Data

Type of electric connection	Screw connection
-----------------------------	------------------

Output circuit

Number of outputs	3
Output current	6 A
Short-circuit protection, outputs	No
Type of digital output	Relay
Min. allowed output voltage	5 V
Max. allowed output voltage	230 V

Other

Suited for safety functions	Yes
Type of supply voltage	

Control circuit

Number of inputs	0
------------------	---

Supply circuit

Min. supply voltage at DC	19.2 V
Max. supply voltage at DC	30 V

Dimensions

Depth	121 mm
Width	22.5 mm
Height	96.5 mm
