Date: July 1, 2019

Stancor Product: STC/STO Prefixed Product Series
Description: Thermostatic Switch

Subject: Ordering Part Number Change

Effective immediately, the Ordering Part Number for our STC/STO snap-action thermostatic switch products is changed. We now add a "B1" suffix to denote these are bulk packaged.

Example: STO-140 is now called out as STO-140B1.

The change is only to the ordering part number. Neither the product itself nor the marking on the product has changed.
