## Thermistor and RTD Probe Assemblies

Invaluable for sensing temperature in a variety of industries, Thermistor and RTD probe assemblies provide accurate, reliable and stable thermal monitoring throughout the world.

EI Sensor assemblies are offered in a wide range of configurations to fit most any requirement. Probe attributes include moisture resistance, easy mounting features and excellent thermal tracking.

Applications include:

HVAC Equipment

Home Appliances

Food Storage Systems

Fire Detectors

Pool/Spa Controls

Welding Equipment

Water Purification

Battery Packs

*Standard and Custom Designs Available*
